

A Salute To Service By Michael J Radford

A Salute To Service By

Salute to Service is a year-round effort to Honor, Empower, and Connect our nation's service members, veterans, and their families. USAA and the NFL encourage military appreciation through the Salute to Service effort.

Salute To Service

According to some modern military manuals, the modern Western salute originated in France when knights greeted each other to show friendly intentions by raising their visors to show their faces, using a salute. Others also note that the raising of one's visor was a way to identify oneself saying "This is who I am, and I am not afraid."

A 21-gun salute is the most commonly recognized of the customary gun salutes that are performed by the firing of cannons or artillery as a military honor.. The custom stems from naval tradition, where a warship would fire its cannons harmlessly out to sea until all ammunition was spent to show that it was disarmed, signifying the lack of hostile intent.
