

## *Birth Of The Cool*

**Birth Of The Cool**

Birth of the Cool is a compilation album by American jazz musician Miles Davis, released in 1957 on Capitol Records. It compiles eleven tracks recorded by Davis's nonet for the label over the course of three sessions during 1949 and 1950.. Featuring unusual instrumentation and several notable musicians, the music consisted of innovative arrangements influenced by classical music techniques ...

**Birth of the Cool - Wikipedia**

So dubbed because these three sessions -- two from early 1949, one from March 1950 -- are where the sound known as cool jazz essentially formed, Birth of the Cool remains one of the defining, pivotal moments in jazz.
