First, the prognosis: the demand for skilled, well-trained nurses is expected to increase at a nearly 20% level through 2022. Plus nurses continue to be the largest single component of hospital staff as the primary providers of patient care. But beyond the numbers, our unique Jesuit philosophy of caring for the whole person not only develops your intellect but also your sense of empathy—a ...

Caring for Ageing Rural Australians (CARA) Rural, regional and remote areas have an ageing population, just like the rest of Australia. The difference, however, is that often there aren't the extensive facilities necessary to care for aged residents in their local communities.

### **Caring for Ageing Rural Australians (CARA)**

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

### **Nursing - Wikipedia**

Home health nursing is a nursing specialty in which nurses provide multidimensional home care to patients of all ages. Home health care is a cost efficient way to deliver quality care in the convenience of the client's home. Home health nurses create care plans to achieve goals based on the client's diagnosis.
