DevTopics is a high-level and sometimes satirical look at software development and computer technology. DevTopics is written by Tim Toady, the founder of Browserling Inc, a cross-browser testing company. When we occasionally dive into the details, it's usually about C# and .NET programming.

Best Programming Jokes - DevTopics

Humour (British English), also spelt as humor (American English; see spelling differences), is the tendency of experiences to provoke laughter and provide amusement. The term derives from the humoral medicine of the ancient Greeks, which taught that the balance of fluids in the human body, known as humours (Latin: humor, "body fluid"), controlled human health and emotion.

Humour - Wikipedia

A mathematician, a physicist, and an engineer are all given identical rubber balls and told to find the volume. They are given anything they want to measure it, and have all the time they need.
