

How To Be A Successful Chef

How To Be A Successful

checkboxes Checkboxes (and radio buttons) are on/off switches that may be toggled by the user. A switch is "on" when the control element's checked attribute is set. When a form is submitted, only "on" checkbox controls can become successful.. Several checkboxes in a form may share the same control name. Thus, for example, checkboxes allow users to select several values for the same property.

Forms in HTML documents - World Wide Web Consortium
