Future Education Conference. A one-day conference on Future Education in India was organized at Anandha Inn, Pondicherry on January 28, 2018 to consider the changes needed in our schools and to examine successful strategies that are already being applied by schools in India and overseas.

Employment strategies for developing countries | MSS Research

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, however learners may also educate themselves. Education can take place in formal or informal settings and any ...

Partners for Education - Partners for Education

Services marketing is a specialised branch of marketing. Services marketing emerged as a separate field of study in the early 1980s, following the recognition that the unique characteristics of services required different strategies compared with the marketing of physical goods.. Services marketing typically refers to both business to consumer (B2C) and business-to-business (B2B) services, and ...

Services marketing - Wikipedia

A clinical trial is an area of research that is used to study the efficacy and safety of new drugs and treatments, among other things. As such, there is no way to know in advance whether or not the new drug or treatment being studied will provide any benefits, and if it does, whether those benefits will be outweighed by any possible risks.
