Nightlight A Parody

Some of my "hickbilly" friends when I was a teenager back in the 70's, used to use a low-tech version of them that used a regular bulb & reflector on the headband, which had to be hooked up to one of those huge square batteries.

"SUPERFREAKS is a fresh, bright, candy-colored explosion of pure comics energy, shot straight into the chest of a moribund old genre. It's a book that knows the lessons of power and responsibility don't require tragedy, that tragedy doesn't need a body count to hurt, and that the little dramas teenagers face are never rated T for Teen.

The opening is the gap in the housing from where the beam of light is intended to come. Many fixtures use a lens to help control the beam of light, though some, such as border or cyclorama lights, do not have any lenses or optics other than the reflector. The lens and the reflector, along with other beam-altering devices, are both considered part of the optics system.
