Dick Ainsworth created the original Typing Tutor software over 30 years ago. This first educational program for the personal computer was marketed by both Microsoft and IBM. This program also introduced the interval timing and user modeling technology that eliminates looking at keys, assures correct fingering, and trains writing skills.

Ainsworth typing tutor keyboarding and number keypad training
The definitive reference for Web developers with tutorials on all aspects of Web design and authoring, including JavaScript, DHTML, 3D animation, CSS, RSS, XML, design, Flash and more.

Web Development and Design Tutorials, Tips and Reviews
Purpose and Placement of HTML Commands. We offer this table as a quick reference to supplement the HTML tutorial.It shows the commands, a brief statement of their use, which attributes can modify them, and which commands they can inhabit or include, but it doesn't go over the basics of HTML syntax.
